Dear Resident

## **Regeneration programme at Anson Road**

I am writing to update you on the progress of our regeneration project on Anson Road.

As you will have no doubt noticed, our demolition contractors have now completed their work and the cleared site has been secured. Construction of the new homes is due to commence in July this year which means there will be a period of around three months where there are no works on site. The road will remain open during this time.

Although the site is clear, there are still services running underground and I would remind you for safety reasons to ensure that children and pets do not enter the site at any time.

If you have any queries or concerns before the contractors are back on site, in the first instance please contact neighbourhood coach Jayne Smith on 07703 334230.

We will write to you again once we have a date for construction to start and a timescale for completion of the works. I would like to take this opportunity to thank you for your ongoing patience during the works and we will of course endeavour to keep any disruption to an absolute minimum.

Yours sincerely,

Louise Wooldridge  
Project manager
