

# Create your bedroom.

Grab an adult, colouring pencils and your imagination to plan out your dream bedroom.

**1** Sketch out your internal room space.

Due to the nature of construction, room sizes may vary from those published and purchasers are advised to satisfy themselves as to their accuracy. These room planners are not intended to be used for carpet sizes, appliance spaces or items of furniture, and are for illustrative purposes only. Reasonable steps have been taken to ensure accuracy of scale however these should not be relied upon.

**Bromford.**

**2** Ask an adult to help cut your choice of furniture.

**3** Use this space to draw any furniture we've missed off.
