Bromford Developments Limited
The Directors' Report
For the year end 31 March 2024

The directors have pleasure in presenting their report and the financial statements of the Company for the year ended 31 March 2024.

Principal activities

Bromford Developments Limited (BDL or the Company) is a wholly owned subsidiary of Bromford Housing Group Limited (BHG.)

BDL's principal activities are the development and construction of homes for other Group members, primarily Bromford Housing Association (BHA) and Bromford Home Ownership Limited (BHO) which are registered social housing providers within the Group. Our aim is to build high quality homes which offer real value for money, whilst maintaining a focus on delivering great customer service.

BHG's motivation in establishing BDL was to achieve better quality construction at an improved cost. Many of the colleagues working for BDL have private sector experience, having worked for housing developers, contractors or construction companies. This commercial insight and expertise has been highly beneficial and has enabled BDL to establish networks of suppliers and contractors which combine value for money and a quality product. As a result, BDL continues to meet the objectives set out for it at inception. BDL engages the services of local sub-contractors which provide opportunity and benefits for the communities in which we operate.

Result for the year and dividends

The profit for the year after tax was £1.0m (2023: £0.2m). The directors do not recommend the payment of a dividend.

Going concern

In preparing the accounts, the directors have reviewed BDL's financial plan for 2024 to 2025 and are of the opinion that the group and company have adequate resources to continue in business for the foreseeable future. The plan is dependent on BHG continuing to provide financial support during that period. The company has net current and total liabilities of £1.2m (2023: £2.2m), this is due to intergroup balances of £5.3m (2023: £18.5m) which are repayable on demand. BHG has indicated that it is not expecting to request repayment in the next twelve months and it will not request repayment of the loan if it means that that the company is unable to pay its creditors as they fall due for payment. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Consequently, the directors are confident that the company will have sufficient funds to continue to meet its liabilities as they fall due for at least 12 months from the date of approval of the financial statements and therefore have prepared the financial statements on pages 10 to 18 on a going concern basis.

Bromford Developments Limited
The Directors' Report
For the year end 31 March 2024

Statement of Directors' Responsibilities

The directors are responsible for preparing the Directors' Report, the Strategic Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Information for Auditors

Each of the persons who is a director at the date of approval of this report confirms that:

- So far as they are aware, there is no relevant audit information of which the company's auditor is unaware; and
- They have taken all steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Appointment of Auditors

Beever and Struthers have indicated their willingness to continue in office and, following a review of effectiveness by the Group's Audit and Risk Committee, will be proposed for re-appointment in accordance with the Companies Act 2006 s.485.

This report was approved for issue by the Board of directors on 17 July 2024 and signed on its behalf by:

.....
Martyn Blackman
Director

Bromford Developments Limited
Strategic Report
For the year ended 31 March 2024

Business review

BDL had a positive year in 2023 to 2024 with increasing levels of turnover and profit. There have been some challenges with the supply chain pressures including fixed price increases with subcontractors and disruptions to deliveries along with the insolvency of ILKE Homes at the final stages of of BDL’s first modular project. Despite these challenges the quality of the homes we build continues to improve as demonstrated when BDL won a 2023 NHBC pride in the job award for the Pearl Lane scheme in Telford, awarded for a consistent approach to quality, care and detail to new homes built. Customer feedback remains strong with 100% of customers recommending us as a builder and 97% of customers satisfied with the quality of their home. Performance on defects was also really strong with customer care a high priority.

Turnover was £62.2m (2023: £38.6m) with £6.2m of this increase for land and the remainder increased activity, delivering a profit before tax of £1.0m (2023: £0.2m profit). BDL built 155 new homes (2023: 232) and worked across 12 sites and started 4 new sites, with one of the completed sites being a modern method of construction (MMC) site. The value of stock and work in progress as at 31 March 2024 was £14.5m (2023: £18.4m) due to land transfer to group entities. Whilst the number of homes built was lower than in 2023 this is purely reflective of the build cycle with handovers expected to increase to circa 250 in the coming year.

BDL continues to focus on effective management of its supply chain and cost control as well as laying the foundations for future growth by developing colleagues’ capability and experience and implementing improvements to its operating system. BDL appointed a new Health and Safety consultant in order to continue to improve Health and Safety on our sites. During the year BDL has delivered 94% average scores across all sites this year, against a target of 87% and is performing well in the upper quartile of scores against its peers. It has also fully implemented its Health & Safety plan for 2023 to 2024 which is overseen by a dedicated continuous improvement group. All of which sets us up for what should be another strong and exciting year.

Principal risks and uncertainties

The company is exposed to the principal risks and uncertainties as set out below. Key risks are determined by the board and appetite and tolerances set. The risks and indicators are monitored regularly by the board. Business risks are monitored for emerging threats and operational trends.

Below we set out the principal risks:

Health and safety		Direction of travel: Stable	Link to Strategy: Known as Leader and Influencer
Risk	Death, injury or harm caused to colleagues, customers, contractors or members of the public because our approach to H&S lacks robust controls.		
Mitigation strategies		Changes in year	
<ul style="list-style-type: none"> Health and safety management systems follow the concepts of ISO 45001, with regular reporting and oversight across dedicated business groups and the Board. Independent assurance sought from technical experts throughout the year. Continuous improvement plan. 		<ul style="list-style-type: none"> Detailed reports are submitted monthly to the BDL Board outlining areas where our current position sits against third party monthly site inspections and also the most recent quarterly audit carried out by our internal Health and Safety team. 	
People		Direction of travel: Improving	Link to Strategy: Place based pipeline of talent
Risk	Failure to attract and retain the skilled colleagues needed to deliver the BDL strategy.		
Mitigation strategies		Changes in year	
<ul style="list-style-type: none"> A clear strategy with values-based recruitment and embedding of our DNA ensures we retain and attract colleagues aligned to our purpose, with data and insight on recruitment, leavers movers and our engagement survey tracked in year. 		<ul style="list-style-type: none"> Focusing on growth, retention and engagement, we are undertaking workforce planning to future proof the business. We have increased our GPTW score to 89% and colleagues from the apprenticeships are progressing through their roles. 	

Bromford Developments Limited
Strategic Report
For the year ended 31 March 2024

Planning delays affecting delivery		Direction of travel: Stable	Link to Strategy: Our move to scale
Risk	Delays in gaining planning and technical approvals impacting ability to start and complete projects inline with our strategy		
Mitigation strategies		Changes in year	
<ul style="list-style-type: none"> Dynamic approach and review of planning strategy based on individual schemes, using preferred consultants with robust relationships with the relevant Local Authorities (LAs). Ongoing relationship building activities with key LAs and other wider key stakeholders to support our applications. Detailed, accurate and timely submissions aligned with relevant LA's guidelines 		<ul style="list-style-type: none"> External research undertaken in relation to planning timescales of the key LPA's within our geography over the last 3 years. Progress on planning and approvals (including impacts on budgets and forecasts) are tracked fortnightly through ('site starts' meeting), with scheme-by-scheme updates provided to Board for oversight and challenge. Reports presented to BDL Board monthly and regular updates given to Grant Funded Monthly Review. 	

Third Party / Supply Chain		Direction of travel: Stable	Link to Strategy: Move to scale
Risk	Our selection, management and monitoring of partners fails to ensure programme objectives are met.		
Mitigation strategies		Changes in year	
<ul style="list-style-type: none"> Comprehensive frameworks overseen by an independent specialised team, with regular tracking and reporting through Investment Forum and Board. 		<ul style="list-style-type: none"> Tender specification and enquiries continue to be issued to the supply chain, with greater detail allowing more accurate tenders to be received. Ongoing engagement with suppliers. Contract documents have been reviewed to mitigate ambiguity and reduce variations in contract. Ongoing monitoring and reporting to board including inflation forecasts across the life of all projects. 	

Macro-economic uncertainty		Direction of travel: Improving	Link to Strategy: Our move to scale
Risk	Macroeconomic factors affecting the housing market impact the viability of existing schemes.		
Mitigation strategies		Changes in year	
<ul style="list-style-type: none"> Business programme and our thresholds are kept under continual review by monitoring markets and with oversight and monitoring through board. Effective operation of horizon scanning to ensure visibility of economic changes. 		<ul style="list-style-type: none"> BDL strategy day held to ensure strategy considers and responds to macro-economic conditions. Various financial scenarios are tested, with exit strategies and options to amend tenures understood to ensure value for money outcomes achieved. Regular communication with supply chain and peers to understand the market and respond accordingly. The Board have a regular agenda item to assess emerging threats. Controls and reporting in place give good visibility and understanding of changes in the market, for example increases in build costs, land etc. 	

Bromford Developments Limited
Strategic Report
For the year ended 31 March 2024

Quality construction		Direction of travel: Stable	Link to Strategy: Relationships that support customer aspirations
Risk	We fail to build homes to a quality that enables customers to thrive.		
Mitigation strategies		Changes in year	
<ul style="list-style-type: none"> Clear standards are outlined, subject to independent inspections throughout the life of the build, with comprehensive audits prior to handover and reporting through to Investment Forum and Board. 		<ul style="list-style-type: none"> Standard house types are being plotted wherever possible on all new land opportunities. The specification aligns with the Homes Standard. Construction Managers oversee sites throughout the lifecycle of the build, inspecting the works of contractors and sharing the outcomes through scoring and bench-marking. Plot inspection is carried out in-house and certified prior to delivery. NHBC key stage inspections are completed throughout the build to ensure building regulation standards are being met ahead of their final inspection. We use Quality Common Scoring (QCS) for all developments (including MMC) to ensure we are exceeding the minimum common standards required by Building Standards. 	

Emerging risks

In addition to the principal risks monitored by the board, the business monitor operational risks which are reported through the governance channels to highlight new and growing threats. The last twelve months have continued to be challenging- inflationary pressures remain, and new supply chain risks are emerging with the ongoing Israeli – Palestinian conflict. While mitigations are in place, we continue to monitor the supply chain closely as a ‘material operational risk’ by Board.

Extreme weather in the UK is increasing, with climate change affecting both temperature and rainfall. The growing likelihood of extreme weather conditions will impact the design of homes, the physical works/ build programme, and our colleagues delivering our new homes. While we are already designing homes that are more energy efficient, we will need to ensure that we understand and respond to weather changes that could delay our build programmes and ensure that our colleagues remain safe at work.

Future Developments

BDL is budgeted to start 8 new sites in 2024 to 2025 delivering 254 homes. There are also further opportunities which could be started subject to planning approval. The biggest risk as always to achieving a start on site is planning and delays in this may impact turnover and surplus for the year. Construction cost inflation has slowed presenting a more manageable risk to margins. Beyond 2024 to 2025 the largest risk remains maintaining a pipeline of delivery which involves bring land through the planning pipeline.

Financial instruments

The company has a normal level of exposure to price, credit, liquidity and cash flow risks arising from trading activities which are largely conducted in sterling, with minimal foreign currency transactions.

On behalf of the Board

Martyn Blackman
 Director

17 July 2024

Bromford Developments Limited

For the year end 31 March 2024

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BROMFORD DEVELOPMENTS LIMITED

Opinion

We have audited the financial statements of Bromford Developments Limited (the 'company') for the year ended 31 March 2024 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Equity and notes to the financial statements, including a summary of significant accounting policies in note 1. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2024 and of its result for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Board with respect to going concern are described in the relevant sections of this report.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Bromford Developments Limited

For the year ended 31 March 2024

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Directors' Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of Directors

As explained more fully in the directors' responsibilities statement set out on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and then design and perform audit procedures responsive to those risks, including obtaining audit evidence that is sufficient and appropriate to provide a basis for our opinion.

In identifying and addressing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, our procedures included the following:

Bromford Developments Limited

For the year ended 31 March 2024

- We obtained an understanding of laws and regulations that affect the Company, focusing on those that had a direct effect on the financial statements or that had a fundamental effect on its operations. Key laws and regulations that we identified included the Companies Act 2006 and tax legislation.
- We enquired of the directors and reviewed correspondence and directors meeting minutes for evidence of non-compliance with relevant laws and regulations. We also reviewed controls the Board have in place, where necessary, to ensure compliance.
- We gained an understanding of the controls that the directors have in place to prevent and detect fraud. We enquired of the directors about any incidences of fraud that had taken place during the accounting period.
- The risk of fraud and non-compliance with laws and regulations and fraud was discussed within the audit team and tests were planned and performed to address these risks.
- We reviewed financial statements disclosures and tested to supporting documentation to assess compliance with relevant laws and regulations discussed above.
- We enquired of the directors about actual and potential litigation and claims.
- We performed analytical procedures to identify any unusual or unexpected relationships that might indicate risks of material misstatement due to fraud.
- In addressing the risk of fraud due to management override of internal controls we tested the appropriateness of journal entries and assessed whether the judgements made in making accounting estimates were indicative of a potential bias.

Due to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, as with any audit, there remained a higher risk of non-detection of irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. We are not responsible for preventing fraud or non-compliance with laws and regulations and cannot be expected to detect all fraud and non-compliance with laws and regulations.

Use of the audit report

This report is made solely to the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body for our audit work, for this report, or for the opinions we have formed.

Bromford Developments Limited

Notes to the Financial Statements For the year ended 31 March 2024

Legal status

Bromford Developments Limited is incorporated in England under the Companies Act 2006 company number 6507824. The registered office is Shannon Way, Ashchurch, Tewkesbury, GL20 8ND.

1. Accounting policies

Basis of accounting

These financial statements have been prepared in compliance with FRS 102 – The Financial Reporting Standard applicable in the UK.

The financial statements comply with the Companies Act 2006. The accounts are prepared on the historical cost basis of accounting and are presented in GBP sterling.

Financial Reporting Standard 102 - reduced disclosure exemptions

The company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 4 Statement of Financial Position paragraph 4.12(a)(iv);
- the requirements of Section 7 Statement of Cash Flows;
- the requirement of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 11 Financial Instruments paragraphs 11.41(b), 11.41(c), 11.41(e), 11.41(f), 11.42, 11.44, 11.45, 11.47, 11.48(a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c); and
- the requirement of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of Bromford Housing Group Limited as at 31 March 2024 and these financial statements can be obtained from the website www.bromford.co.uk.

Going concern

In preparing the accounts, the directors have reviewed BDL's financial plan for 2024 to 2025 and are of the opinion that the group and company have adequate resources to continue in business for the foreseeable future. The plan is dependent on Bromford Housing Group Limited continuing to provide financial support during that period. The company has net current and total liabilities of £1.2m (2023: £2.2m), this is due to intergroup balances of £5.3m (2023: £18.5m) owed to Bromford Housing Group which are repayable on demand. Bromford Housing Group Limited has indicated that it is not expecting to request repayment in the next twelve months and it will not request repayment of the loan if it means that that the company is unable to pay its creditors as they fall due for payment. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Consequently, the directors are confident that the company will have sufficient funds to continue to meet its liabilities as they fall due for at least 12 months from the date of approval of the financial statements and therefore have prepared the financial statements on a going concern basis.

Turnover

Turnover represents income receivable from construction activities supplied by the company in the year, net of value added tax.

Bromford Developments Limited

Notes to the Financial Statements For the year ended 31 March 2024

Taxation

The tax expense for the period comprises current tax. Tax is recognised in the Statement of Comprehensive Income, except that where a tax change arises as a result of an item recognised as other comprehensive income or recognised directly in equity. In such cases, the tax charge is also recognised in other comprehensive income or directly in equity as appropriate.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates taxable income.

Work in progress and long term contracts

Long term contracts have been assessed on a contract by contract basis and reflected in the Statement of Comprehensive Income by recording turnover and related costs as contract activity progresses i.e. the percentage completion method.

Where it is considered that the outcome of a long term contract can be assessed with reasonable certainty before its conclusion, the prudently calculated attributable profit less foreseeable losses has been recognised in the Statement of Comprehensive Income as the difference between the reported turnover and related costs for the contract.

The amount of long term contracts as costs incurred, net of amounts transferred to cost of sales, after deducting foreseeable losses and payments on account not matched with turnover, is included in work in progress and stock as long term contract balances. The amount by which recorded turnover is in excess of payments on account is included in debtors as amounts recoverable on long term contracts. Payments in excess of recorded turnover and long term contract balances are included in creditors as payments received on account on long term contracts. The amount by which provisions or accruals for foreseeable losses exceed costs incurred, after transfers to cost of sales, is included within either provisions for liabilities or creditors as appropriate.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and bank overdrafts that are repayable on demand. In the Statement of Financial Position overdrafts are shown within borrowings or current liabilities.

Financial instruments

Financial assets and financial liabilities are measured at transaction price initially, plus, in the case of a financial asset or financial liability not at fair value through the Statement of Comprehensive Income, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

Financial instruments held are classified as follows:

Financial assets such as cash, current asset investments and receivables are classified as loans and receivables and held at amortised cost using the effective interest rate method.

Bromford Developments Limited

Notes to the Financial Statements For the year ended 31 March 2024

Defined contribution pensions

The parent company provides a defined contribution stakeholder pension scheme for employees. The employer contribution to the scheme is charged to the Statement of Comprehensive Income as it becomes payable. The assets of the scheme are kept separately from those of the company.
