School Gardens, Stourport

Are you a caterer looking to take the next step in your career?

Can you help us create a friendly and welcoming atmosphere while delivering great value, healthy and well-cooked meals?

Our brand new retirement living scheme offers independent living in a lively and vibrant community setting and we want to offer our residents and their visitors a catering service to match.

Our vision is to include a coffee shop where they can enjoy a range of freshly made snacks, cakes and other refreshments. We also want to offer a range of freshly cooked hot food.

We're looking for a self-employed caterer who can provide breakfast, morning coffee, lunch and afternoon tea, seven days a week. Could you also arrange a variety of evening specials, such as a fish and chips night and cater for private functions?

You will help to promote healthy eating as part of the overall wellbeing offer at School Gardens, and understand the importance of using fresh produce and providing our customers with a well-balanced diet that will encourage healthy bodies and minds.

We're looking to partner with someone who can help us maintain a vibrant active community and work with our residents. We'd also love you to organise several baking or foodie activities each week.

We will be considering quality, innovation and pricing in applications, so that we can provide customers with great quality food at reasonable prices.

If you think that you can provide all of the above and helping us shape and grow a vibrant business within School Gardens, we'd love to hear from you.

Bromford.
