Dear customer,

We are progressing with the redevelopment and we now need to carry out a tree survey and a bat survey.

We are hoping to have the results of the Housing Needs Survey next week when we can commence the design.

Our Consultant from Bagshaw Ecology would like to visit to carry out the survey on the afternoon of Wednesday 6th July and the morning of Thursday 7th July. They will need access to your front and rear garden as well as access to your roof space. They will need to access the property to enter the roof space via the loft hatch. **I would be grateful if you could make arrangements for the surveyors to access your house and rear garden on these days.**

If you are only available at a certain time or day then I would really appreciate it if you could arrange for a family member, friend or neighbour to be at the property to enable us to gain access. I appreciate these dates may cause you inconvenience so if you are only available at a **certain time or certain day** please contact me to discuss how I may help.

Thank you for your assistance with the first survey which happened a few weeks ago, your help was much appreciated, if you have any queries, please do not hesitate to contact me.

Yours sincerely

Claire Thomas
